TAXI/RIDESHARES

Las Vegas boasts efficient [taxi services](#) that run a reliable service. Unlike most cities, you can't hail a cab here, but it's easy to order one from any physical address, such as a hotel taxi lane, valet area, or main entrance. And remember to download the [Lyft](#) and [Uber](#) apps for even more options.

RENTAL CARS

You can find a choice of ten car rental companies under one roof at Las Vegas airport. It's open 24/7/365 and even offers a convenient shuttle service to and from airport terminals. You can find car rental sites across the city, but we think you'll find the airport offers the most convenience. Find out more at the [Harry Reid International Airport Rental Car Center](#).
